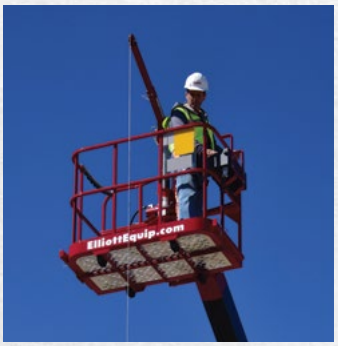
ELLIOTT
EQUIPMENT COMPANY

M87 HIREACH

Built for You.

KEY FEATURES

- 87' Working height, 77' side reach on 25,999 lb. chassis
- Material handling on main boom and in work platform
- 30" x 54" EZR work platform with 750 lb. capacity
- 180 Degree platform rotation
- Full length steel subframe for excellent stability and long chassis life



Stow & Go Jib Winch

Stows in platform and requires no assembly. 500 lb. capacity in all positions eliminates guesswork.

180 Degree Platform Rotation

Maximizes access for each set up.

Main Boom Material Handling

2,000 lb capacity for added functionality

Heavy Duty Structural Components

Robust subframe, turret, bearing, outriggers and boom for smooth ride and exceptionally long useful life.

OTHER FEATURES

- **Hydraulic System:** High performance hydraulics provide smooth operation. Continuous rotation and pressure & return filtration come standard.
- **Controls:** Electronic proportional three stick remote controls with hi/low range and hi/low engine speed for smooth operation in tight spaces.
- **Offside Interlocks:** Allow outriggers to be deployed on one side to minimize set up footprint.
- **Lifetime Structural Warranty:** For your peace of mind.
- **Certification:** Certified to ANSI A92.2 for Vehicle Mounted Elevating and Rotating Devices.

**Specifications are subject to change.*
